Parson J. Thompson, Cranford, N. J., was elected recreation director for Gettysburg at a meeting of the Recreation Board Monday evening at the high school here.

Thompson, who attended Gettysburg College in 1944 and then transferred to Springfield University, from which he graduated, is a native of New Jersey and since 1955 has been assistant supervisor of recreation at Plainfield, N. J. In 1952-54 he was director of the Neshaminy Valley Youth Center, at Newtown, Pa., and before that served in the Army.

He will begin the \$5,800-a-year job here either November 1 or December 1, depending on how quickly he can obtain his release from his duties in Plainfield and how soon a house can be secured here. The Recreation Board members Monday night agreed to seek a house that he may rent here and to seek a housekeeper. A widower, Thompson has a seven-year-old son.

A graduate of recreation courses at Rutgers University, Thompson is to be here Saturday to discuss with Recreation Board members and Acting Recreation Director John Maloney the local program. Maloney is serving as a part-time director in addition to his regular teaching duties at Eisenhower School until the new director can take over.

A report from the Gettysburg School Board showed that the cost of the summer recreation program for supervision was \$8,675. The "bill" from the school board shows the borough owes it \$4,471.74, while the remainder is to be paid by the state to the school board.

## Await Court Rule On Fine Of Governor

NEW ORLEANS (AP) — A federal appeals court may rule later this week on the Justice Department's request that it fine Mississippi Gov. Ross Barnett \$100,000 for his actions in the James H. Meredith case.

Attaches of the 5th U.S. Circuit Court of Appeals said it was unlikely any decision would come before Wednesday. Two panels of the court are hearing cases this week in Atlanta and Montgomery, Ala. They will receive copies of briefs filed Monday by the Justice Department and the state of Mississippi. The state claimed the appeals court no longer had jurisdiction in the case.

Both Barnett and Lt. Gov. Paul B. Johnson Jr. have been found guilty of contempt by the court for their part in attempting to block the enrollment of Meredith, a Negro, at the University of Mississippi. But no sanctions have been put into effect against the two officials.

STOCKS EDGE UP  
NEW YORK (AP) — The stock market edged to the upside in moderate trading early this afternoon.

The Associated Press average of 60 stocks at noon was up 2 at 219.7 with industrials up 1.0, rails unchanged, and utilities off .3.

The gain was irregular, with a number of the popular volume leaders among "growth" stocks falling by the wayside.

A string of minor plus signs among chemicals, rubbers, oils, electrical equipments, and motors provided much of the fuel for the advance.

Effective October 31, midnight, all passenger and suburban vehicles must be equipped with directional signals, two rear lamps, and all lighting equipment must be lighted by electricity supplied by a wet-cell storage battery or by an electrical generating system or both.

Buggies and other animal drawn vehicles must be equipped with reflectors and lamps which

Schirra's son, Walter III, who is 12, left with the President's tieclip as a gift, and his sister had a new chain bracelet.

Suzanne, 5, looked shyly at the President and said, "I know who you are."

At one point Kennedy asked Suzanne if she had seen the ponies kept at the White House for the Kennedy children. She shook her head no, and the President took her and the family out to see the ponies.

## FAIRFIELD'S BOARD FAVORS ONE-DISTRICT PLAN IN ADAMS

The Fairfield Joint School Board voted unanimously in favor of a single school district for Adams County under the upcoming reorganization of county school districts but stated clearly its opposition to the reorganization act as it now stands.

In favoring the single district, the Fairfield directors joined those of the Littlestown Joint School District and Conewago Twp. Upper Adams and Gettysburg directors have gone on record as favoring a two-district plan for the county.

The Fairfield directors adopted this resolution: "Be it resolved that the Fairfield Joint School Board is opposed to Act 561 in its present ambiguous and incomplete form but, in order to maintain the best possible educational standards and status for the pupils of the Fairfield area, the Fairfield Joint School Board unanimously favors a single administrative unit for Adams County, which has been designated as Plan C."

County Superintendent M. Francis Coulson and Assistant County Superintendent George B. Inskip attended Monday's meeting and discussed provisions of Act 561 and their application to Adams County.

The board also adopted a resolution applying for supplemental appropriation from the state and pledging to do everything within its power to comply with standards of curriculum established by the state.

The board also authorized the filing of an application for federal aid on the basis of the number of pupils in the schools whose parents are federally employed. Bills totaling \$21,063 were ordered paid.

## QUAKE DOWN UNDER

CHRISTCHURCH, New Zealand (AP)—An earthquake swayed tall buildings in towns and cities of both islands of New Zealand today and triggered spectacular snow and ice avalanches in the mountains.

## 3 SOVIET SHIPS SET TO MONITOR NUCLEAR TESTS

By FRED S. HOFFMAN  
WASHINGTON (AP)—A trio of Soviet instrument ships reached a point in the Pacific today where they were within 450 miles of both the U.S. nuclear test zone and the impact area staked out by the Soviet Union for experimental rocket shots.

From this position it was believed the ships—the Sibir, Suchan and Sakhalin—could monitor the performance of the Russian rockets and any U.S. nuclear tests.

One American test went off today—an effort to set off a high altitude nuclear test at Johnston Island. A spokesman said the Thor missile and its nuclear warhead were destroyed in flight by a range safety officer because of an unexplained malfunction.

### SHIPS ARE SPOTTED

The Defense Department said the latest reported fix put the Soviet vessels 440 miles and roughly south of Johnston Island, and 360 miles west and a bit north of the rocket target area announced by Moscow.

Although the Pentagon didn't say so, U.S. patrol planes obviously were keeping a close watch on the equipment-laden Soviet ships. There was every likelihood, too, that United States would observe the results of the Russian rocket firings launched from inside the Soviet Union several thousand miles away.

The Soviet Union announced Monday two areas into which its long range rockets would be aimed—one some 1,200 miles southwest of Hawaii and the other 2,200 miles northwest of Hawaii.

### RESEARCH PROGRAM

The Pentagon said it was unknown whether other Russian instrument ships had been sent into the second impact area.

The Moscow statement said the tests, beginning today, were part of a research program to perfect space ship rocket carriers. It also said specially equipped naval vessels will be sent into the target areas.

Some U.S. sources suggested the radar at the Army antimissile test site on mid-Pacific Kwajalein Atoll might be used to track the Soviet missiles.

The Defense Department said: "We do not see any conflict between U.S. nuclear tests and the Soviet rocket firing."

of Rotary, but the true strength of Rotary lies in the strength its members have in carrying the ideals of fairness and service above self to their own occupations. We are part of the world and not strangers in it, so it is up to all of us to seek further avenues of service to our communities, nation and the world."

Governor Ruhl introduced Charles Wolf, York, who he announced will be area representative for the district governor. "His duties will be to help your club and all the clubs in his area in any way he can. This year I have broken the district into six areas, with a representative named for each area."

President Clark Smith presided at the meeting. A meeting of the district governor, officers of the local club and committee chairmen was held following the regular meeting.

## MOON SHOT IS DELAYED

CAPE CANAVERAL, Fla. (AP)—Engineers and technicians, frustrated for 24 hours by a faulty spacecraft component, made final preparations today to launch the Ranger 5 spacecraft Wednesday toward the moon.

The launching was called off late Monday when checkout could not be completed in time.

The National Aeronautics and Space Administration said there wasn't enough time to make the calibration check and replace Ranger 5 atop its Atlas-Agena B booster rocket.

The problem, involving reduction of signal strength in a radio telemetry circuit, cropped up Sunday.

Ranger 5 is intended to streak across a quarter million miles of space, take closeup television pictures of the moon and then land an instrument capsule to record moonquakes and meteor hits.

NASA has a favorable period ending Friday in which to launch the rocket to put Ranger 5 on the desired course. If the launching is not accomplished in that time, the shot will be put off until the next optimum period, starting about Nov. 13.

But the lease is up Jan. 15, and White House press secretary Pierre Salinger said the owner of the 400-acre estate, Mrs. Raymond Tartiere, plans to move back in.

The President and First Lady, Salinger said, are looking for another place in the area. There have been some reports that they might even build a home near Middleburg, 45 miles west and a bit north of Washington, and an easy helicopter hop from the White House.

## NIGHT SESSION ON MERGING OF NYC, PENNSY

WASHINGTON (AP)—The Interstate Commerce Commission hearings on a proposed merger of the Pennsylvania and New York Central Railroads ground into a night session with a parade of shippers generally supporting the plan.

The sessions resumed Monday after a month's recess during which the prepared testimony of technical specialists and users of the lines was distributed to parties in the case.

The railroad presidents testified in the earlier hearings. Monday night officials of three firms which ship freight on the two lines endorsed the merger plan as being good for their business and for the country.

### 70 WITNESSES

The three witnesses were W. L. Thornton Jr., general traffic manager of Kimberly-Clark Corp., Neenah, Wis.; H. Bruce Reaves Jr., manager of Transportation Service, Corning Glass Works, Corning, N.Y., and C. J. Harris, vice president for traffic of Continental Grain Co., New York City.

More than 70 witnesses representing shippers are scheduled to testify in this phase of the hearings.

The leadoff witness Monday was Morris Forghash, president of United States Freight Co., who said the merger would "result in an overall improvement in service" and thereby benefit his firm.

Piggy-back service — in which loaded truck trailers are transported on a railroad flat car — would be particularly improved, he said. This service, he added, accounts for about 27 percent of the \$120-million worth of business his freight forwarding company does annually.

## ECUMENICAL MOVEMENT IN CHURCHES HIT

MONTREAL, N.C. (AP)—The individual missionary, not an organization of church bodies, will convert the world to Christianity, a Boston church leader declared here Monday night.

Dr. Harold John Ockenga, president of Fuller Theological Seminary, sharply criticized the ecumenical movement, which seeks unity in mission efforts and other areas of church life, in an address prepared for delivery to a consultation on world missions.

He asserted that emphasis on organizational unity as the chief good, and division as a cardinal sin, "will lead us back to the Reformation and ultimately to Rome."

The ecumenical movement, he went on, "has militated against the missionary incentive by speaking against proselytism, which is another word for evangelism, and by laying the responsibility of pioneer missions upon the indigenous and younger churches which have not shown a disposition to assume the responsibility."

The Rev. Dr. Ockenga's viewpoint contrasted with that of spokesmen for church groups abroad, expressed earlier Monday, that area churches should be given a larger voice and more responsibility in the mission program.

## Morse Warns On TV Show Tape

HARRISBURG (AP)—Democratic State Chairman Otis B. Morse warned Republicans Monday not to make use of a tape of a television show which he said Rep. James E. Van Zandt invaded and monopolized.

The controversial 15-minute program in Pittsburgh Oct. 5, paid for by Democrats, was to have been an "empty-chair" debate featuring Sen. Joseph S. Clark, who is seeking reelection against Republican Van Zandt. Van Zandt appeared at the last minute and was a "guest" for the entire time.

Morse wrote to television stations around the state warning them that the Democratic Party has not authorized use of the tape, which he claimed was illegally secured by Van Zandt.

PITTSBURGH (AP)—Democrats have increased their voting registration margin in Allegheny County by more than 7,000 since last November's election.

The County Elections Bureau said Monday the Democratic Party has a 229,809 registration margin in this year compared to 222,151 last year.

The Bureau said registration for the approaching election finds 530,640 Democrats, 300,831 Republicans and 5,640 others.

## FORMER LOCAL RESIDENT GETS PLAQUE, GIFT

Four members of the staff of the Pennsylvania Medical Society, Harrisburg, were honored Saturday for a combined total of more than 120 years of devoted service to the society. The honors were accorded on the closing night of the society's 112th annual session here.

The four are: Mrs. Hyacinth Beard Willners, with 37 years of service spanning the last 41 years; Roy Jansen, with almost 30 years of service; Lester H. Perry, the society's executive director, with 28 years of service, and Mrs. Miriam Ulrich Egolf, with 26 years of service.

The society's Board of Trustees, to the applause of hundreds of doctors and their wives at the annual state dinner, presented each with a plaque and \$500 as tokens of the society's appreciation. The trustees felt that such a service record was outstanding for an organization that now has only 40 employees.

### JOINED STAFF IN '21

Mrs. Willners, daughter of the late Mr. and Mrs. Truman E. Beard, of the Gettysburg area, attended Gettysburg public schools, was graduated from Gettysburg High School and from the old School of Commerce, then located in Harrisburg's Market Square. She now lives in Greenwood Court, Progress.

She joined the staff of the Pennsylvania Medical Society in 1921 as secretary to the society's executive secretary and manager of the Pennsylvania Medical Journal. The society then had three employees. In 1930, she resigned to marry, but four years later her husband died and she returned to the society in 1934. She has served in many capacities, the longest of which has been as editorial assistant on the staff of the Journal. For almost 28 continuous years, she has been responsible for the editing and copyreading of each piece of Journal copy.

She plans to retire at the end of the year and then join a sister in La Jolla, Calif. If she could turn back the clock to her graduation from business school, what might her choice of careers be? "I'd still choose the Pennsylvania Medical Society," she says firmly.

## State Is Paying Special Tuitions

The office of the county superintendent of schools announced today that payment is being made by the Commonwealth of Pennsylvania for tuition for children placed in private homes by the court or other child-placing agency and who attended the public schools during the 1961-62 school year.

The amounts being paid to the districts are as follows: East Berlin borough, \$52.57; Huntington Twp., \$2,436.11; Littlestown borough, \$483.73, and New Oxford Area Merged School District, \$655.63.

Additional payments will be made to other school districts in the county having similar children attending public school on a later date, the announcement said.

## Mount Installs New Dial System

Rt. Rev. Robert R. Kline, Ph.D., president of Mount Saint Mary's College, Emmitsburg, today announced the inauguration of a new dial telephone system at the college.

The system at present has 80 telephones and can be expanded with the growth of the college's needs. Students and administrative personnel can now dial all of the stations on campus directly and certain nonrestricted stations can place their own outside calls. Prior to the change over, all calls had to be placed through a switchboard operator.

## Eisenhower Raps Kennedy Foreign Policy Before A Capacity Boston Audience

By DONALD M. ROTHBERG

BOSTON (AP) — Former President Dwight D. Eisenhower sharply criticized President Kennedy Monday night for conducting what he termed "a dreary foreign policy . . . too sad to talk about."

Eisenhower responded to Kennedy's recent criticisms of Republican foreign policy in the 1950's with a slashing attack of his own. The former Republican president treated a partisan throng gathered at Commonwealth Armory for a \$100-a-plate GOP dinner to his strongest attack to date on the Democratic administration's foreign policy.

Eisenhower is scheduled to continue his New England campaign swing in support of local GOP candidates today.

The former president displayed his famous grin and his equally famous temper Monday night in Boston.

EISENHOWER AROUSED

Eisenhower appeared visibly angry when he told some 5,000 Republican party faithful of recent criticism of his foreign policy.

"Personally I have been careful in all my speeches to keep current foreign policy out of partisan debate. But when a charge is made for purely political purposes—a charge that indeed

"I doubt that anyone can persuade you," he told his audience, "that in the past 21 months there has been anything constructive on foreign relations to equal any part of this eight-year record. For the moment, at least, I shall have no more to say on that subject."

The affair was billed as a birthday dinner for Eisenhower, who was 72 Sunday.

STEAL \$70,000

The champion Republican vote-getter of all time, he packed the armory. One party official estimated the gross receipts at nearly \$500,000.

Shortly before Eisenhower's speech, police revealed that \$70,000 in cash and checks collected for the dinner had been stolen from Republican state headquarters over the weekend. All but \$10,500 in cash was later recovered.

Speaking in President Kennedy's home city, Eisenhower saved his strongest endorsement for George C. Lodge, Republican nominee for the U.S. Senate, who is opposed by Democrat Edward M. Kennedy, the President's youngest brother.

Lodge, son of former U.N. Ambassador Henry Cabot Lodge, served in the Eisenhower administration as an assistant secretary of labor.

Eisenhower said, "He has the energy and enthusiasm and vigor of youth. More importantly, he is prepared for the job he seeks."

FARRELL, Pa. (AP) — A falling steel plate knocked down a scaffold at the Sharon Steel Co.'s Roehmer Works Monday, killing two men and injuring seven others.

Gardner Birch, 32, and Graham P. Matthews, 44, both of Sharon, were killed.

John E. O'Rourke, 50, of Sharon, and Reed A. Graves, 44, of Hubbard, Ohio, were admitted to Sharon General Hospital.

FIFTY YEARS AGO

**Start Work On Parish House:**  
Work on the erection of a parish  
house in the rear of the Memo-  
rial Church of the Prince of Peace  
has been started and the build-  
ing will eventually be two stories  
in height and will have a stone  
front to correspond with the  
church. For the present it will  
be only a one-story structure and  
will have a brick front. The first  
money for the parish house was  
donated by Mrs. Phillips of Bal-  
timore, widow of the first rector  
of the church, who has here  
about thirty-five years ago. The  
remainder of the money was se-  
cured from outside sources.  
George Weikert has the contract  
for the building and John H.  
Crowe is the architect.**May Abandon Graeffenburg Inn:**  
Some years ago when the state  
under its forestry laws began  
the accumulation of timber land,  
the Graeffenburg Inn, as part of  
the Caledonia tract, passed into  
state ownership. Once purchased  
state land cannot be sold, that is  
a title of sale cannot be exe-  
cuted under existing statutes. The  
State now has under considera-  
tion three schemes: 1. the closing  
of the inn as a public house; 2.  
an effort to obtain additional leg-  
islation by which a long time lease  
may be given to lessee; 3. or a  
modernizing of the house so as  
to give to guests wider accommo-  
dations and better conveniences.  
Commissioner Conklin and Mrs.  
Mira Loevo Dock, S. B. Elliott  
of Reynoldsville, and J. Linn Har-  
tis, of Belleville, members of the  
Forestry Commission, have just  
visited the inn and are now con-  
templating its improvement or  
abandonment. The inn is not a  
paying investment for the state  
as it now stands. But it is a part  
of the life of the community and  
a convenience to many tourists.  
As it stands now, the inn has to  
turn down more guests than it  
accepts because of lack of ac-  
commodations.**Valuable Horse Dies:** One of  
the large iron gray horses which  
have been drawing the Bromo  
Seltzer wagon that comes here  
frequently died here Sunday. The  
owners had paid for the animal  
between \$400 and \$500.**Roosevelt Now In Hospital:** Col.  
Theodore Roosevelt, suffering  
from a bullet wound inflicted by a  
demented anti-third term fan-  
atic last night in Milwaukee, was  
brought to the Mercy Hospital,  
Chicago early this morning where  
several skilled surgeons began  
the probe for the bullet. It is  
likely that he will be confined to  
the hospital for ten days. There  
was general relief when it was  
found that the missile had not  
penetrated the lung. After enter-  
ing the ex-president's chest it  
took an upward course and en-  
tered the body to a depth of about  
four inches where it lodged. No  
vital organ is thought to have  
been struck.**Mummers' Parade For Hallow-  
een:** Halloween in Gettysburg  
seems to have become another  
name for license of rough play,  
often destructive of property and  
dangerous to the young, enterprising  
business man of the town, delight-  
ing in seeing children have a  
good time has conceived the idea  
that the same energy could be  
put into the great sport for a frolic  
that would be a wholesome  
change. This young man, Allan  
B. Plank, is planning a new cele-  
bration of the Halloween of 1912.  
He proposes the great frolic of  
a mummers parade and will bear  
whatever expense may attend the  
same. He is arranging for the  
Citizens' Band and the College  
Band to take part in the parade.  
He has authorized the offering  
of a prize of \$5 for the most pro-  
spectively gowned mummer par-  
ticipating in the parade from  
start to finish.**Much Concrete:** The third

lege of doing a little service for  
an old friend I gave to my day  
an especial thrill.The old friend seemed to find  
it hard to return adequate ap-  
preciation. He tried to even it all  
up by saying, "Sometime I hope I  
may have the opportunity of pay-  
ing back."I immediately replied that  
everything was paid, and more  
too. For, I explained, my com-  
pensation was more than gener-  
ous as the thrill of service  
brought goodness and happiness  
to my life.But we like to be told that the  
one for whom we have rendered  
a service has been made happy.  
Then everything is paid.The only ones who are in debt  
are those who never say "Thank  
You" — those who take for  
granted the gifts of others, and  
who cheat the generous hearts of  
their happy due.Does a child think he or she  
can ever repay his or her father  
or mother all that has been given  
in love and sacrifice for his or  
her benefit? The appreciative  
child at some time learns that  
this is one debt that can never  
be paid. But the father and moth-  
er consider it paid as the child  
grows in uprightness of character  
and does what he or she can to  
make those parents feel that the  
child appreciates their gifts.The exchange for a generous  
act is the happiness that it al-  
ways brings.Every time you say an unkind  
word or harm a friend, you go  
deeply into debt. And these debts  
are the most difficult of all to  
pay. For behind the paying of  
such debts, a scar always  
remains.We are in debt to every thing  
of beauty in this world.Tomorrow Mr. Adams will talk  
on the subject: "The Diver Folks"Protected, 1962, by The George  
Matthew Adams Service**Just Folks****HEART AND MIND**I know the heart does foolish  
things.

So oft the reason chides.

Impulsively it leaps and springs

Into life's dangerous tides,

And questioning not what lies at

stake,

Which grievous were to lose,

It sometimes gives for pity's sake

What reason would refuse.

The heart cannot be caught and

trained

As is the cautious mind.

It will not have its mercy

wisened,

Nor wiser be than kind;

And though impulsively it errs,

When all is understood,

The heart persistently prefers

To blunder, doing good.

The reasoning mind stays calm

and cool

And weighs its acts with care.

It often calls the heart a fool

For squandering its share;

But since there's much that's left

to guess,

Which men can never know,

The heart may win more happi-  
ness

Than wisdom can bestow.

BOUNCING BACK  
AGAINST YANKS**

By JACK STEVENSON

Associated Press Sports Writer  
SAN FRANCISCO (AP) — Like  
bad checks, the San Francisco  
Giants kept bouncing back.Five times since the final day  
of the regular 1962 National  
League schedule, Manager Alvin  
Dark's scrappy crew proved oppo-  
nents couldn't count their money  
in the bank.They pulled even with Los An-  
geles on Sept. 30, last day of the  
1962 season, with a victory over  
Houston while the Dodgers lost to  
St. Louis. They beat Los Angeles  
with four runs in the ninth inning  
of the third playoff game.They lost the first, third and  
fifth games of the World Series,  
but pulled even at three games  
each Monday as Billy Pierce  
pitched a three-hitter and Orland-  
o Cepeda's bat awoke for a 5-2  
victory in the rain-delayed sixth  
game.**BOUNCE BACK**"They kept bouncing back all  
season," declared Dark who most  
certainly wouldn't compare his  
club with a bum check. "Orlando  
Cepeda hit the ball harder yester-  
day than he has in a month and  
a half.""I don't think Pierce threw as  
hard as he did in that first play-  
off game (2-0) or the World Series  
game in New York, but he pitched  
a fine game. He was putting the  
ball where he wanted it."Pierce exhibited the spirit of the  
Giants when asked if he thought  
he could throw again today."I'd sure give it a try," he re-  
plied. "We don't want to save any-  
thing for the winter."Cepeda, who slumped the final  
month of the season and hadn't hit  
in the Series, said, "The rest  
helped me a lot. I was swinging  
the same bat I felt better. I used  
a 35-ounce bat. I used a 33 be-  
fore."Going to the heavier stick prob-  
ably meant as much psycholog-  
ically as it did in fact. Orlando  
banged a single, double and sin-  
gle in his first three times at bat,  
drove in two runs and won today's  
starting assignment."Cepeda was just tired out,"  
Dark said. "He'd played 260  
games."The big first baseman from  
Puerto Rico played winter ball in  
his homeland before reporting to

Engle said today Army had the

handing them a stunning 9-6 upset  
this weekend but actually "we  
beat us.""I think we are potentially a  
better football team," Engle said,  
"but we weren't Saturday."Engle blamed "poor offensive  
play, penalties and fumbles" for  
the loss which knocked the third-  
ranked Nittany Lions (3-1) from  
the ranks of the unbeaten.A fumble by Penn State half-  
back Junior Powell on the Nittany  
Lions' own 18-yard line in the  
fourth period set up Army's lone  
touchdown. Army tackle Tom  
Kerns recovered the ball.With fourth down and the ball  
on State's 15 Army Coach Paul  
Dietzel decided to try for the  
touchdown instead of a field goal  
which would have tied the score  
at 6-6. The gamble paid off as  
quarterback Cammy Lewis  
paid to halfback Dick Peterson  
for the winning TD. Peterson also  
scored Army's lone touchdown  
last year when the Cadets beat  
Penn State at University Park  
10-6.State got a tough break in the  
third period when an offside pen-  
alty nullified what appeared to be  
a touchdown on a 13-yard pass  
from quarterback Ron Coates to  
end Bill Bowes.Army's defensive platoon,  
known as the Chinese Bandits,  
played an outstanding game, hold-  
ing the Lions on the Cadets' 15  
in the first period, on the seven  
in the third period and on the 39  
in the final period.Penn State managed only a  
pair of field goals by Coates, a  
32-yarder in the first period and a  
24-yard boot in the third period.  
Another attempt was blocked by  
Army. It was the first time Penn  
State failed to score a touchdown  
since 1958, when Army defeated  
the Lions 26-0 in the same Mich-  
igan Stadium. Army's other score  
came on a 35-yard field goal by  
Dick Heydt of Palmerton, Pa., in  
the first quarter.A brawl broke out in the final  
seconds of the game and the Cad-

## Mount National Cage Champs Start Drills; Again Get High Rating

Mount St. Mary's national championship cage team started practice Tuesday, and already the current issue of the Official Basketball Guide has Coach Jim Phelan running for cover.

In a two-page feature wrapup of NCAA College Division championship play last March, Bill Robertson of the Evansville (Ind.) Press touts the Mountaineers as preseason favorites to repeat at Evansville in the title play next March 13-15.

Says Robertson: "In taking the National College Division championship out of the Midwest for the first time, Mt. St. Mary's College of Emmitsburg, Md., is not only the smallest college ever to win the coveted diadem, but already is the favorite to win it again in 1963."

"Mt. St. Mary's was making its third trip to the College Division round of eight at Evansville's elegant Roberts Stadium. The durable, resolute forces from the little Catholic school of 700 students survived one crisis after another to win the sixth annual tournament with only one senior in the lineup."

"Personally dethroning defending champion Wittenberg in the quarterfinals, the champions of the Mason-Dixon Conference won their third games by a total of six points, including the one-point overtime victory over Sacramento State in the championship game."

### SURPRISED EVERYONE

"This actually put them in the basketball summit a year ahead of schedule and surprised almost everyone, including Coach Jim Phelan, who admitted, 'I never thought we'd make it this time with so little experience and depth.'"

"The Mountaineers played through the entire Evansville tournament with only two substitutes, and against both Wittenberg and Sacramento State, the starting five went all the way."

"Coach Phelan used 6-5 Sophomore Jack Campbell at center when the injured Dave Samuels couldn't make it against Southern Illinois in the semifinals and in the last half of that same game, sent in Freshman Lou Martine when ace John O'Reilly fouled out."

"From the time Mt. St. Mary's survived a four-overtime eastern regional thriller until Eddie Pfeiffer's late free throw cemented their difficult 58-57 triumph in the final game at Evansville, it was a fitful, rugged assignment for the boys from Maryland."

"They had not only to go through another overtime to whip Sacramento State in the title test, but also were up against one of the nation's most celebrated basketball architects in their most crucial hour."

"Coach of Sacramento State was Everett Shelton, grey-haired 66-year-old tactician whose U. of Wyoming team won the University Division championship back in 1943. He had a chance to become the only coach to win both collegiate titles until Mt. St. Mary's met its final crisis in the fading seconds of the overtime finale."

"The Mountaineers ended Wittenberg's bid for a second straight championship with a 43-39 victory in the opening session. Wittenberg had knocked Mt. St. Mary's out of the 1961 tourney in the semifinals. . . . Mt. St. Mary's needed some precision shooting by Pfeiffer to quell Southern Illinois, 58-57, in semifinal action."

"Timely pin-point shooting by Dick Talley, only senior in the Mt. St. Mary's lineup, brought Coach Phelan's troops from behind in the championship game. But the Mounties had to work overtime when slender Ron Rohrer's basket gave Sacramento a deadlock at 55-55 at the end of regulation time."

"Voted to the all-tournament team with Rohrer were Ed Pfeiffer and John O'Reilly of Mt. St. Mary's. For O'Reilly, husky 6-4 Junior who helped make it a perfect St. Patrick's Day for his clan, it was the second time on the honor team."

### COACH OF YEAR

Phelan who was named NCAA Small College Coach of the Year at Louisville, Ky., and Maryland Sportsman of the Year by the Baltimore Sports Reporters, would like nothing better than to repeat at Evansville. But that means repeating as Mason-Dixon champ and eastern regional champ as well and the road is strewn with blockbusters.

### FOUR STAR NEWCOMERS

Phelan, who will start his ninth season with a 168-54 record and five Mason-Dixon titles, must replace 14.3 points-a-game Dick Talley at forward and settle his center problem where Dave Samuels graduated and 6-5 Jack Campbell decided not to return to school. Three of the Mountaineer Iron Men are back—Seniors John O'Reilly, Ed Pfeiffer and Dave Maloney, plus reserves Bill Neuss,

Lou Martine, Tom Wahl, Dave Spewak and Ed Folk.

Newcomers expected to bolster the Mountaineer squad are 6-5 Bill McDermott and 6-4 John Carroll of Dematha High, Hyattsville, Md.; Bernard Haag, St. Agnes High, Roanoke Center, N.Y., and Fran Fenerty, 6-5, Bethlehem Catholic ace.

The Mountaineers also face schedule difficulties with 23 games, 16 away and seven at home. In the Mason-Dixon Conference the team plays 14 games with six at home and eight away.

The schedule: Rec. 1, Hofstra, H; 3, Providence, A; 5, Baltimore, H; 7, Roanoke, A; 8, Hampden-Sydney, A; 11, Catholic U., H; 18-20, Lejeune Tourney, including Tampa, Elon, Catawba, East Carolina, Atlantic Christian, Southern Michigan and the host team; 26-28, New York AC tourney with NMAC, Belmont Abbey, Fairleigh Dickinson.

Jan. 9, Western Maryland, H; 12, Loyola, A; 14, Shippensburg, A; 16, Baltimore, A; 19, Randolph-Macon, H.

Feb. 5, St. Joseph (Pa.), A; 7, Catholic, A; 9, Loyola, H; 13, American, M; 17, Washington, A; 19, Western Maryland, A; 21, American, A; 23, Mason-Dixon regional.

Feb. 28-March 2 Mason-Dixon tourney at Catholic U. or Mt. St. Mary's.

## BIGLER SCRUBS SPANK HOUNDS FOR 3RD WIN

Biglerville High's junior varsity football squad won its third game in four starts by scoring in every period to triumph at Shippensburg 26-14 Monday afternoon.

The Cannons marched 60 yards for a first period score, Bob Thompson plunging over from the one on a quarterback sneak. He also ran for the point.

A 55-yard pass play, Thompson to Richard Hartman, end, produced a score in the second period with Thompson again carrying for the extra point.

Biglerville moved from midfield in the third period for another six-pointer, Thompson passing 10 yards to Bob Garretson, end, for the TD. Larry Dennis kick for the point failed.

Shippensburg finally cracked the scoring column early in the final frame when Yocum connected with Mellott on a 40-yard pass play. Yocum added the point on a run.

The Cannons came back, retaliated with a sustained drive with Thompson going over from the two. With only seconds remaining Yocum fired a 30-yard pass to Turner for the Hounds' second score. Halley added the point on a run.

Next Monday afternoon Biglerville will be host to Gettysburg. The lineups:

## '68 OLYMPICS MAY GO TO L.A.

CHICAGO (AP)—Los Angeles, according to rumors, had the inside track today as the American city to bid for the 1968 summer Olympics. Detroit, which in the past has been the official U.S. bidder three times, also was said to be in the running.

The board of directors of the U.S. Olympic Committee—numbering about 40—was to certify officially today the city to make the bid.

Representatives of Los Angeles, scene of the last summer Olympics in the U.S. in 1932, San Francisco, Detroit, Philadelphia and Portland, Ore., made their presentations for the summer games before the Olympic site committee Monday. All were termed impressive.

### Figuring The Series

SAN FRANCISCO (AP)—Figuring the Series:

Ominous note for Giant fans: exactly 50 years ago today, the Giants lost the World Series when they were beaten by the Boston Red Sox 3-2 in the eighth and deciding game. One game ended in a tie.

Orlando Cepeda of the Giants emerged from a long slump Monday with three hits—his first of the Series. It was the first time he collected that many in one game since Aug. 24, when he had five hits off Philadelphia pitching.

Lefty Billy Pierce, off whom Roger Maris of the Yanks hit his first 1962 series homer Monday, is a member of Roger's 61 in '61 club. The outfielder hit two of his 61 homers off Pierce, who was then with the Chicago White Sox. Both came in the same game on Aug. 16 in Yankee Stadium.

The Yanks are in a good position to set a Series record for weak hitting today. They are batting a collective .196. The Series low for a seven-game set is .195 by the Dodgers in 1956.

Billy Pierce's three-hitter was the 27th in Series competition and the second of this Series. Jack Sanford also did it against the Yanks in the second game.

## FIRST SERIES WIN BY PIERCE EVENS SCORE

**By JIM BECKER**  
**Associated Press Sports Writer**  
SAN FRANCISCO (AP)—Throughout a long and distinguished major league career, Billy Pierce has been known as "the fellow who loses 2-1 to the Yankees."

The stylish left-hander, now a baseball ancient at 35, pitched many great games against the New Yorkers, and more often than not had a great game pitched against him.

Today Pierce is being toasted as the fellow who evened the World Series at three games each, with a three-hitter for a 5-2 victory for the San Francisco Giants Monday.

### LOST 3RD GAME

It was his first World Series victory. He lost the third game to the Yankees in New York, 3-2, his accustomed margin.

"It was a great thrill," said Pierce, "but I think my shutout in the playoff against the Dodgers was even a bigger thrill."

"After all, this game didn't decide anything." Reminded that if the Giants had lost Monday's game, it would have ended the World Series in favor of the Yankees, Pierce said, "Gosh, I never thought of that."

Pierce sat on a little wooden stool in the Giant dressing room and bantered with reporters.

"No, I don't think I surprised the Yankees," he grinned. "They have seen me for more than 10 years, and being in this league for one year doesn't make any difference."

Pierce came to the majors with the Detroit Tigers, and then labored 13 years with the Chicago White Sox. He compiled a 25-38 career mark against the Yankees in that span.

Pierce was traded into the National League to the Giants last winter.

Pierce has found a happy berth in Candlestick Park, the home of the Giants.

He has never lost a game in its friendly confines. The playoff victory over the Dodgers was his 12th without a loss.

"It's usually cool here, and I pitch better in cool weather," I guess," Pierce said, in an attempt to explain his success.

## Over-powered by superior manpower, the Gettysburg High School junior varsity football team dropped a 19-0 decision to Scotland on the latter's field Monday afternoon.

The game was scheduled last Friday at the request of Scotland when both schools found themselves with open dates.

Bob Tudor scored twice for the Cadets, going off right guard from 10 yards out in the first period and returning a Warrior punt 40 yards in the second period.

Neither team scored in the third period but Scotland tallied in the last period when Tom Hibshman cracked through left tackle from the four. Bob Tudor added the point on a run.

Gettysburg, now 0-3, will play at Biglerville next Monday.

## G-BURG OPENS CAGE DRILLS WITH 3 VETS

With the football season just barely underway, it's hard to believe that college basketball pre-season drills are here and started. That's the story at Gettysburg College as Bob Hulton was on hand Monday to greet 14 candidates for the Bullet cage squad.

Hulton, starting his sixth season at the Gettysburg helm, will conduct drills in preparation for the season's opener December 1 against Temple University in the Penn Palestra.

The Bullets finished with a 18-8 record a year ago and will be striving to equal that mark this season. One of the biggest problems confronting Hulton will be replacements for Ron Warner and Bob Parker, the greatest scoring combination in the school's history.

Gettysburg will have only three lettermen to form the nucleus for this year's team. Roger Gaeckler, 6'4", Glen Rock, and Doug Kepner, 6'6", St. Charles, Mo., will give Gettysburg an experienced height advantage which will be bolstered by double letter winner Ted Koerner, Melrose Park, who stands 6'1". Koerner is the only Senior on the Sophomore dominated club.

## BOSTON SIGNS LOVELLETTE

BOSTON (AP)—Boston has bolstered its bid for a record fifth straight National Basketball Association championship by acquiring Clyde Lovellette for pivot insurance behind Bill Russell.

The Celtics closed the deal with the St. Louis Hawks late Monday night, surrendering next year's second round draft choice and an unannounced sum of money for the 6-foot-9 shotmaker.

"He's the guy we've been looking for," chirped an exhilarated coach Red Auerbach when he learned the deal had gone through.

It had been known for some time the Celtics' most pressing problem was to secure some relief for Russell, the 6-10 defensive genius who has to play almost every minute of every tough game.

**AWAITED BID**  
Auerbach had requested that St. Louis owner Ben Kerner hold off placing the 33-year-old one-time University of Kansas All-America on waivers until Boston owner Walter Brown could make an offer.

Lovellette a nine year NBA veteran and one of the members of the league's exclusive 10,000-points-club had been slow rounding into shape for the Hawks in this pre-season period due to a foot injury.

"I knew Lovellette definitely could help us, that's why we went after him," Brown said.

The Longhorns replaced Alabama, the defending national champion, which defeated Houston 14-3. The Crimson Tide fell to second place. Texas finished with 458 points and 21 first-place votes, compared to 437 points for Alabama. Bear Bryant's club collected 24 first-place votes, however.

The voting by a nationwide panel of sports writers and sportscasters was on the usual basis of 10 points for first place, 9 for second and so on.

Following Alabama, in order, were Southern California, Louisiana State, Mississippi, Ohio State, Arkansas, Northwestern, Washington and Wisconsin.

"I'll tell you one thing, though," said Royal, "Arkansas has reason to be slighted that they aren't ranked any higher."

Undeclared Arkansas, Texas' next opponent, advanced from No. 2 to No. 7 after defeating Baylor, 28-21, in a Southwest Conference game.

Royal said the Longhorns have no hopes of stopping Arkansas' offense this weekend, but can only try to slow them down.

"They have the ability to move the ball and move in a hurry," Royal said. "They score big and it's obvious we don't."

Arkansas and Texas play Saturday night in Memorial Stadium here in a game which many feel will decide the 1962 Southwest Conference championship. Both teams are undefeated through four games. Both have some of the best offensive figures in the nation.

## GHS IN FIRST PLACE BATTLE ON SATURDAY

Gettysburg High School faces its most important football game of the season Saturday afternoon at 2 o'clock when it meets East Pennsboro at Enola in a battle for first place in the Blue Mountain League.

East Pennsboro is 4-0 in the circuit while Gettysburg and Big Springs are tied for second place with 4-1 marks.

Heavy work is scheduled for the Warriors this week with particular emphasis being placed on defensive work. Although reservists played well against Northern last Friday, the absence and limited activity of several regulars was felt. Several of the first stringers were limited to part-time duty due to virus attacks while Paul Kump, guard, missed the entire game due to a mild concussion suffered in practice earlier in the week. All are expected to be ready to oppose the Panthers.

### HAVE SCORED 167 PTS.

The Warrior offense has been the best in over a decade. So far the Young-men have tallied 167 points in six games. The previous high total was 176 in nine games during the 1952 campaign.

All other county scholastic varieties are also listed for activity this weekend.

Littlestown will attempt to get another winning streak going when it entertains Spring Grove at Littlestown Friday night in the Laurel League Conference. The Bolts had a three-game skid ended by York Central on Saturday.

Delone Catholic faces a tough opponent in York Catholic on the latter's field Friday night in a Central Penn Catholic League game.

Biglerville High travels to Newport Saturday afternoon for an engagement with the Buffaloes in a Blue Mountain affair.

Completing Saturday program will be the Bermudian Springs-Carlson Long contest at New Bloomfield.

## SAY ARKANSAS IS SLIGHTED BY LOW RANKING

**By JACK KEEVER**  
AUSTIN Tex. (AP)—The coach of the University of Texas Longhorns, named today as the No. 1 college football team in the nation said ratings mean very little to him.

"I'd feel slighted if we weren't in the top ten," Coach Darrell Royal said, "but being No. 1 doesn't make one iota of difference to me."

The Longhorns were No. 2 in last week's Associated Press poll and moved into the top spot after defeating traditional rival Oklahoma last Saturday 9-6.

The Longhorns replaced Alabama, the defending national champion, which defeated Houston 14-3. The Crimson Tide fell to second place. Texas finished with 458 points and 21 first-place votes, compared to 437 points for Alabama. Bear Bryant's club collected 24 first-place votes, however.

## MEREDITH IN HIS 3RD WEEK IN MISSISSIPPI

OXFORD Miss (AP) — James H. Meredith started his third week of classes Monday at the University of Mississippi where he is the first Negro ever knowingly enrolled in the school's 114 years.

The 29-year-old Meredith, a slightly-built Air Force veteran, returned to the campus Sunday night after a weekend away. He went immediately to his two-room apartment in Baxter Hall, accompanied by 10 federal marshals and two Justice Department attorneys.

Some 3,000 soldiers remain on the Oxford campus and in the vicinity. They are the last of 23,000 troops sent here to quell bloody rioting that erupted the night of Sept. 30 when Meredith arrived at Ole Miss. Two people died in the riots.

### DECISION SOON

Meanwhile in New Orleans the 5th U.S. Circuit Court of Appeals is expected to decide sometime this week whether to fine or imprison Miss. Gov. Ross Barnett for his actions in the Ole Miss desegregation case. The court said it wanted to decide the state of Mississippi's challenge to jurisdiction in the contempt proceedings and asked that briefs be submitted by Monday.

The tribunal already has found Barnett and Lt. Gov. Paul B. Johnson Jr. guilty of civil contempt for their role in blocking Meredith's entrance to Ole Miss three times. The court delayed imposing sentence to give the two a chance to purge themselves. Barnett faces possible imprisonment plus a \$10,000 a day fine. Johnson could draw a \$5,000 daily fine.

## SEES HOPE FOR SOLUTION OF CONGO CRISIS

NEW YORK (AP) — Adlai E. Stevenson, U.S. Ambassador to the United Nations, has told President Kennedy that developments of the past few days "give us some hope of a solution of the problems in the Congo."

Stevenson said Sunday night, after an hour-long conference with the President in the latter's hotel suite here, that he also spoke with Kennedy about the Cuban problem.

Asked if his report on the Communist-dominated Fidel Castro government was as optimistic as the one he made on the Congo, the ambassador replied:

"On the whole, yes. I think we have a high degree of solidarity in the Western Hemisphere on the Cuban problem."

### ANNOUNCEMENT SOON

But he said he had not talked with Kennedy about attempts to negotiate the release of Cuban invasion captives because he, Stevenson, knew nothing about it.

Regarding the Congo, Stevenson indicated he expects acting U.N. Secretary-General U Thant to announce soon what has been done to bring secessionist Katanga Province back into line with the central Leopoldville government.

Earlier, Stevenson told reporters at Idlewild Airport, where he met the incoming President, that he was "more hopeful than I have been in the past that we may come to some settlement in the Congo."

Stevenson said he had had rather lengthy conversations with Algeria's Premier Ahmed Ben Bella, but declined to say what the talks were about.

Ben Bella was scheduled to meet with Kennedy Monday in Washington.

## WEST GERMANY IS REASSURED BY U.S. AGAIN

By JOHN M. HIGHTOWER

WASHINGTON (AP)—The United States has assured West Germany that it is determined to maintain the right of civilian as well as military access to West Berlin against any new Soviet attempt to isolate the city.

U.S. policy on this point is understood to have been stated emphatically to West German Foreign Minister Gerhard Schroeder, who began strategy talks with Secretary of State Dean Rusk here Sunday.

Schroeder will be followed to Washington Nov. 7 by West German Chancellor Konrad Adenauer who wants to discuss the Berlin situation with President Kennedy in advance of a possible Kennedy meeting with Soviet Premier Khrushchev concerning Berlin.

### EXPECT NEW MOVE

Kennedy, Rusk and other Western leaders believe that Khrushchev is planning some new action which may precipitate a fresh Berlin crisis before the end of the year. American officials see a 50-50 chance that before taking any decisive step, however, the Soviet leader may come to the U.N. General Assembly meeting in New York and also confer with Kennedy in the hope of winning Western concessions on Berlin.

If the Russians do launch an intensified campaign against the Western position in Berlin, the

point of attack may well be the surface and air lifeline across East Germany linking the city with West Germany. The U.S. policy decision on civilian right of access, therefore, is considered of vital importance, for it implies that this country and its allies have decided they will not tolerate Communist blockade measures.

Western diplomats say it is expected that the East Germans will shortly institute some regulation requiring regular diplomatic visas for civilians crossing East German territory to the Western sector of Berlin. This could be construed as a bid for a greater degree of Western recognition of East German authority over the supply line.

The United States, Britain and France maintain their position in Berlin and their access to the city

## Two Who Fled East Berlin Return To Rescue 8 More

BERLIN (AP) — Eight East German refugees savored their first full day of freedom in West Berlin Monday because two friends returned for them after making their own escape three weeks ago.

One of the four women in the group collapsed with emotion when she reached the West Sunday and was reunited with her parents. The woman had spent six months in jail for an earlier unsuccessful attempt to flee.

Names of the refugees were withheld to prevent reprisals against relatives and friends in East Germany.

### RISK FOR FRIENDS

The refugees told this story: Two men, who escaped three weeks ago, decided after long discussions in a refugee center that they would try to return for their friends.

They swam a stretch of water on the border Saturday, cut through barbed wire on the east bank and went to the home of a friend. There they met three men, two girls and two married couples. All said they were willing to make the escape attempt.

Under cover of darkness, the party made its way to the border, intending to take the route to the hole in the wire previously cut by the two men.

### BREAK DISCOVERED

One of the leaders went ahead to spy out the terrain.

He found East German guards searching the area. They had discovered the hole in the wire and repaired it.

The second guide, alarmed by the delay, moved forward and, hearing voices, thought his friend had been captured.

### SWAM TO SAFETY

But the first guide had not been caught. After the guard patrol moved away, he found another escape route, located the others in

the party, and led them to the spot.

The group managed to escape being seen in the "death strip," a 30-yard-wide cleared area along the border where guards shoot at anything moving. Then they cut their way through three rows of barbed wire and swam to safety.

## U.S. QUIZZES SIX CUBANS ON RAID AT SEA

MIAMI, Fla. (AP)—Six men described by the Coast Guard as raiders who sank a Cuban patrol boat and rescued two wounded Cuban militiamen east of Havana are being questioned by immigration authorities.

The unidentified men were taken to Key West by a Coast Guard boat from the British island of Cay Sal Sunday night. They had sought refuge at Cay Sal after the raid. Newsmen were not allowed to talk to them.

The two militiamen were flown from the tiny island off the southeast Florida coast to Miami by Coast Guard helicopter. They were listed in fair condition at a hospital after surgery for bullet wounds.

District Immigration Director Edward Ahrens said one of the two, Sgt. Filiberto Suarez Lima, 40, asked for asylum in the United States. The other man was identified as Cpl. Miguel Cao Mendina, about 30.

Ahrens said the two told immigration officers they and two other military men were on patrol duty in an 18-foot boat Friday night, off Varadero Beach, east of Havana.

Cao and Suarez said a larger boat opened fire on them, sinking their vessel and wounding Cao in the groin and Suarez in the leg. The patrol boat sank, and men on the larger boat lifted the two militiamen from the water. The other two men were swimming to shore when last seen, Suarez said.

The six walked off the Coast Guard boat at Key West, climbed into waiting automobiles, and were whisked off to immigration offices for preliminary questioning before being sent to Miami.

One had a bandage on his hand, but none of the disheveled group

## ROMNEY HAS GOP HOPE UP IN MICHIGAN

### By GENE SCHROEDER

LANSING, Mich. (AP) — Michigan Republicans, with former auto industrialist George Romney as their candidate, have high hopes of capturing the governor's office from the Democrats Nov. 6 for the first time in 14 years. Democratic leaders are pushing no panic buttons. They feel confident that Gov. John B. Swainson, a legless veteran of World War II with powerful AFL-CIO backing, will be on top when the votes are counted.

Most neutral observers call it a toss-up.

### HOT BATTLE

The campaign has developed into one of Michigan's hottest political battles. It involves such issues as leadership, tax reform, and the political activities of unions.

Democrats say the 55-year-old Romney is seeking the governor's job merely as a stepping-stone to the 1964 GOP presidential nomination.

The former American Motors president denies he has his eye on the White House, but Republican leaders say they are proud to have Romney considered throughout the nation as an attractive candidate.

### BIG DEMOCRATS HELP

In his efforts to maintain the Democratic grip on the executive office, Swainson has had support from some powerful friends. President Kennedy already has made one swing through the state and will return once more before election day.

Other high-ranking Democrats, plugging for the reelection of the 77-year-old governor and Democratic congressmen include Vice President Lyndon B. Johnson, former President Harry S. Truman, and assorted Cabinet members. Also helping out is the man Swainson succeeded, G. Mennen Williams, now Assistant Secretary of State for African Affairs.

### "RESCUE MISSION"

Romney who is getting little outside help, describes the Michigan visits of Democratic big guns as a "federal rescue mission" which proves that Swainson

"needs coattails to ride on."

Activities of the ultra-conservative John Birch Society in one Detroit-area district have been seized upon by Democrats as an indication that Romney cannot control his own party.

The Republican nominee delivered a scathing denunciation of extremist groups at the GOP state convention, drew a standing ovation and says he considers the matter closed.

In his speech, Romney called for a state law that would permit political parties to oust any lead-

ers whose real allegiance was to an "anti-American organization."

### MINDS MADE UP

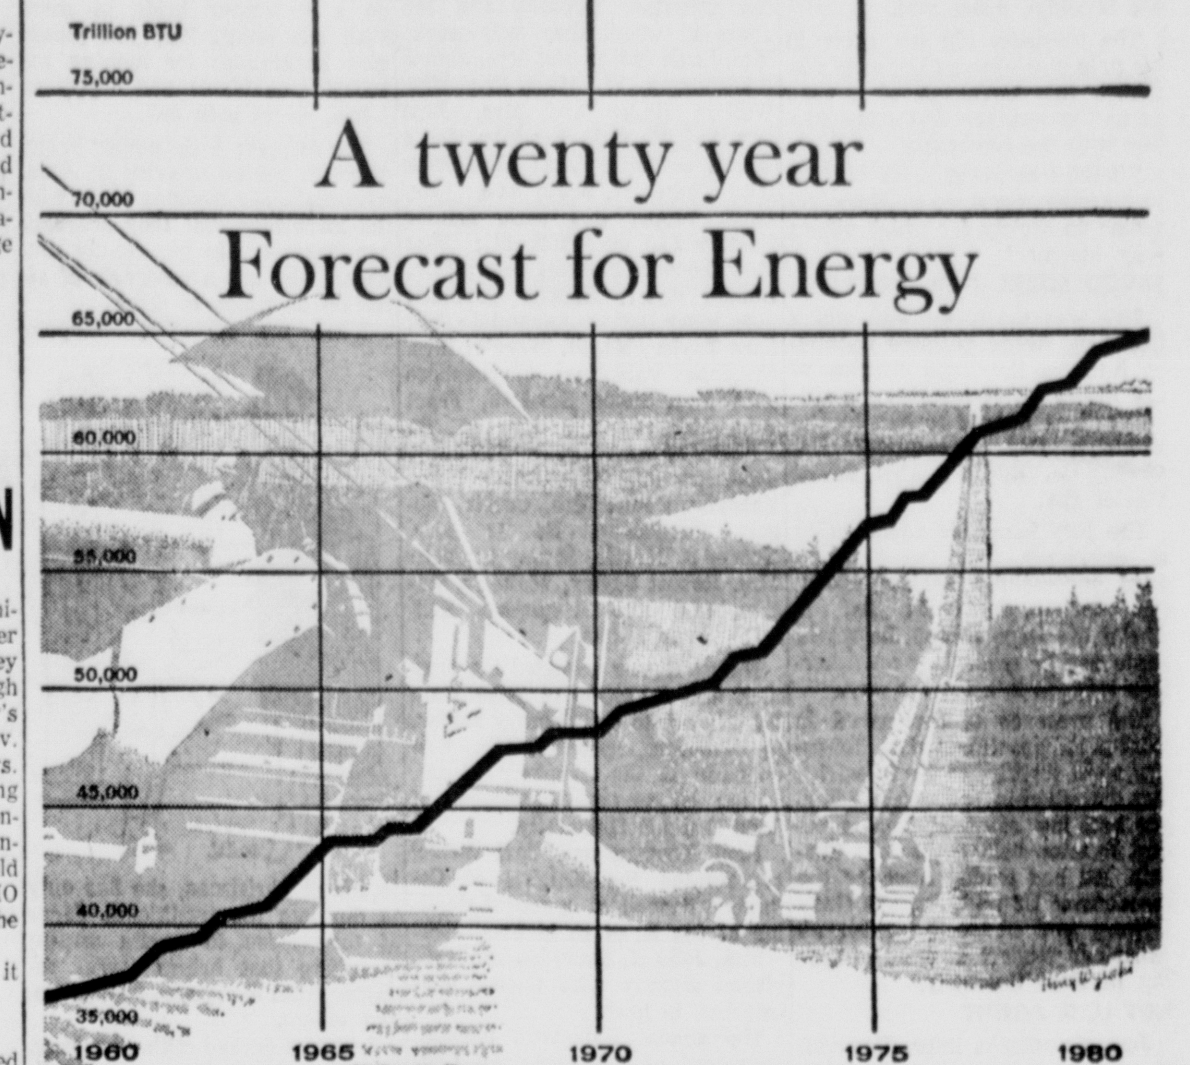

Both candidates have made a strong pitch for the Negro vote, but Romney appears to be handicapped by the fact that he holds a position in the Mormon Church equivalent to a bishop. Democrats contend that the church will not allow a Negro to hold a high office, and therefore regards Negroes as second-class citizens.

Romney denies he holds any such views. Romney also has launched a

vigorous attack on some labor leaders, contending they have been dictatorial in refusing to permit him to speak to union members so that they can hear both sides and make up their own minds whom to support.

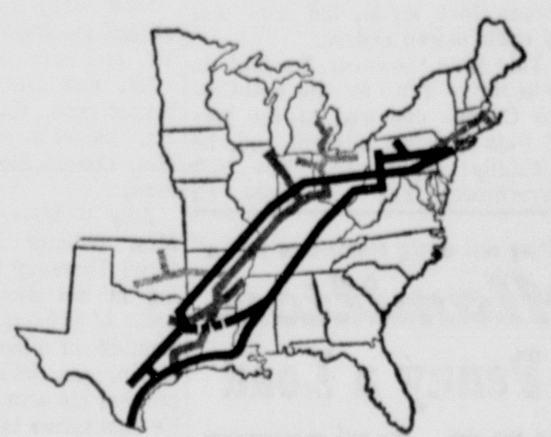

State chairmen of both parties agreed in a debate that most voters probably have already made up their minds which candidate they favor.

The winner may be decided on which party manages to convince its supporters they should bother to vote.

## LUNCHEON IS HELD SUNDAY AT ST. JOHN'S

The annual congregational fellowship luncheon of St. John's Lutheran Church was held Sunday following the church worship service in the church social hall. The affair was sponsored by the Sunday School and arrangements were in charge of the evangelism committee composed of Dale W. Stary chairman, Mr. and Mrs. Glenn E. Unger and Mrs. George W. Strevig.

A program followed the meal and consisted of a vocal solo by Barbara Basehoar accompanied by her mother, Mrs. Jay D. Basehoar; piano solo, Stephanie Yealy; vocal solo, Paula Renner accompanied by her mother, Mrs. Paul E. Renner; remarks on the merger of the Lutheran Church, Rev. William C. Karns, pastor; readings, Glenn Unger; vocal solo, Janice Bair accompanied by her mother, Mrs. Theron Bair; trumpet trio selections, Richard Anderson, Dale Stary Jr. and Dale Stary Sr.; brief remarks, Paul E. King, general superintendent of the Sunday School. Prior to the meal the invocation was given by Pastor Karns.

"God's Presence Everywhere" was the subject of the topic discussed by Linda Bair at the meeting of the Luther League of St. John's Church Sunday evening. Darlene Hollinger read the scripture and Sally Sheets offered prayer. The business session was in charge of Dale Bair, president. The society members and their guests will gather at the church on Saturday at 7:30 p.m. from where they will leave for a hayride. Committees for the affair will include: Refreshments, Mrs. George Trump, Shirley Anderson and Phyllis Wallick; program, James Strevig and David J. amp; decorations, Craig Strevig, Billy Basehoar and Dale Bair. Chester S. Byers, of town, will be the guest speaker at the next regular meeting of the society at 6 p.m. on Sunday.

Mr. and Mrs. Lloyd R. Harner, near town, entertained at a party Sunday afternoon in honor of their daughter, Rebecca, who was observing her ninth birthday. Group games and refreshments were enjoyed. The guest of honor received many gifts. Present were Kathy Redding, Sandra King, Sandra Hull, Debbie Mitz, Joann Hankey, Beverly Harner, Joann Hankey, Diane Musselman, Douglas Musselman, Randy Ohler, Peggy Fuhrman, Vicki Miller, Elaine Stair, Sharon Crouse, David Hoffman, Roy Leister, Tibby Maitland, Debbie Barnhart, Michele Harner, all of in or near town; Glenda and Autumn Yingling and their mother, Mrs. Glenn Yingling, York; Mrs. Rodney Harner, Mrs. Lloyd Rentzel, Mrs. Robert Mitz, Mrs. Bertha Harner and Mrs. Mervin Hankey.

The past glories of grocery stores was recalled in a display at the Fairfield PTA "Village Fair" held Saturday in Fairfield High School. Set up by the Newman family of Fairfield, it had the old-fashioned coffee grinder, meat cutters and a number of items that once graced the shelves of a half century or more ago. Edgar Newman, outfitted as a store clerk of the 1890's, worked the coffee grinder and waited on customers, assisted by a grandson, Steve Newman, who wore the clothing of a boy of the 1890's. The young lady in front of the counter is unidentified, the photographer not noticing her until the picture was developed. (Times photo)

The "National Champion" bowling team from the Gettysburg Recreation Junior League is shown Sunday night when it was presented with its trophies from the American Junior Bowling Congress at the local Edgewood Lanes. The 11 to 13-year-old team is shown in front and includes (left to right) Joan Shriver, Sharon Cline, Billie Ann Sentz, Sharyn Van Dyke and Sharon Heiser. In back of the team are Acting Recreational Director John Maloney, Recreation Board Chairman Kenneth Dengler and Mayor William G. Weaver, who presented the trophies. (Times photo)

## HEAR MORE OF PRIESTHOOD OF LAITY IN ROME

By GEORGE W. CORNELL  
Associated Press Religion Writer

VATICAN CITY (AP) — The priesthood of the laity.

The phrase is becoming increasingly common in Roman Catholic terminology and, to a leading American Catholic layman, it's a hint of one of the chief steps he foresees for the Ecumenical Council, Vatican II.

Martin H. Work of Washington, D.C., president of the National Council of Catholic Men, voiced belief today that fuller integration of laymen into the work of

the church will be "the most important development of this council."

## MORE AWARENESS

Work noted that already there is growing Catholic attention to "the idea of the priesthood of the laity" and added:

"We are becoming more aware of what the laity really is—that it is as much the church as priests or bishops."

Work's organization includes 9 million U.S. Catholic men.

He expressed hope the council will define new principles for the role of ordinary members in the church and "make sharply clear that the function of the laity is equal to that of priests, or even greater."

## WEAKEST LINK

For a long time, Work said, the responsibilities of Catholic laymen have been neglected. "It has been the weakest link in the church," he said.

"There was a feeling among the laity that somehow the corporate operation of the church was not their business. While they were members of the church, it was as secondary parts of it."

Failure in the past to bring out fully the layman's share in church life, Work said, was due largely to historical circumstances—a previously less educated laity and a reaction to the 16th century Protestant Reformation.

"If the Protestants were going to emphasize the priesthood of the laity, the attitude was that we must emphasize the priesthood of the ordained priests," he said.

However, he added, the one-sided emphasis is now being "balanced out" to recognize the value in both aspects.

POLITICS  
Republican

PITTSBURGH (AP)—Congressman James E. Van Zandt says his Democratic opponent for the U. S. Senate, incumbent Sen. Joseph S. Clark is a leading apologist for what he termed the Kennedy Administration's "vacillating approach" to the Cuban problem.

"The United States today is faced with a grim reality," Van Zandt told a Republican rally in Pittsburgh Monday night. "Our security, our very lives are being threatened right on our front door step as never before since the British burned the White House in the War of 1812."

"In the face of this threat, Joseph S. Clark counsels caution. He tells us not to worry, not to be too hasty, not to offend our allies or Latin American neighbors."

Van Zandt said that Clark has

nothing to say about "the administration's failure to persuade our allies to stop shipping vital supplies" to Cuba.

"Apparently this is all right with him," Van Zandt declared. "What does Clark say about America throwing up a blockade around Red Cuba to prevent these supplies from reaching their destination? He says 'Oh, no—that is Jimmie Van Zandt again, trying to get us into war.'"

## BOOK CAGE GAMES

PHILADELPHIA (AP) — Defending champion Villanova will meet Manhattan and Providence will face Delaware in the Dec. 26 opening round of the second Quaker City Basketball Tournament.

The afternoon twin bill will be followed by a night doubleheader matching LaSalle against Brigham Young and St. Joseph's against Bowling Green.

The first round pairings were announced Monday.

The tournament, sponsored by the Eastern College Athletic Conference runs through Dec. 28.

POLITICS  
Democrat

PITTSBURGH (AP)—Democratic Sen. Joseph S. Clark, campaigning for re-election, has accused his Republican opponent, U. S. Rep. James E. Van Zandt, of being an "isolationist" and "professional patriot" who is unintentionally "soft" on Communism through bad judgment.

In a speech at a Westmoreland County Democratic dinner at nearby Irwin, last night, Clark counter-attacked against Van Zandt's repeated charges that Clark was "soft on Communism."

Citing Van Zandt's record in Congress, Clark listed the following measures aimed at fighting Communism, and said Van Zandt had voted "no" on all of them:

The defense of Greece and Turkey;

Creation of the overseas information service and Voice of America;

Military aid to South Korea, Western Europe, Iran and the Philippines;

Military and economic aid to Nationalist China;

"Point Four" technical aid to underdeveloped countries;

United States participation in the International Development Association.

"If Van Zandt's views on foreign policy had prevailed," Clark said, "The sphere of Communist influence in the world today would be far broader than it is, and the sphere of freedom would have contracted."

## SAY CATHOLIC PLEDGES MAY BE ABANDONED

ROME (AP)—Reliable sources say the Roman Catholic Church ecumenical council, Vatican II, may dispense with the pledges it demands of non-Catholics who marry Catholics.

The sources said there also is talk of the church giving status and recognition for the first time to other denominations and ending the traditionally aloof attitude of the Church of Rome.

Protestant groups have been working quietly for a revision of the Catholic attitude on both these points, regarded as wounding by other Christian churches.

The archbishop of Canterbury, Dr. Michael Ramsey, last week referred to the conditions imposed for mixed marriages as "very painful" to practicing Anglicans. The archbishop said he was thinking of the Catholic invitation to the non-Catholic husband or wife to abandon his faith and the insistence that children of mixed marriages must be brought up as Catholics.

Informed sources said the council also will review the system of allowing only a shortened service for mixed marriages. These sources said use of the full Ro-

man Catholic liturgy may be authorized.

To many observers here, the most fascinating aspect of the council is the change it represents in the Catholic attitude to the other Christian churches. Exchanges between Pope John XXIII and other Christian leaders have rarely been more cordial.

The Russian Orthodox Church has two observers here for the first formal contacts between the churches for nearly 10 centuries. Another 16 churches or religious bodies are represented in talks with the Vatican Secretariat for Church Unity, official contact on a scale that has never been attempted previously.

## U.S. 'COPTERS FIRE ROCKETS

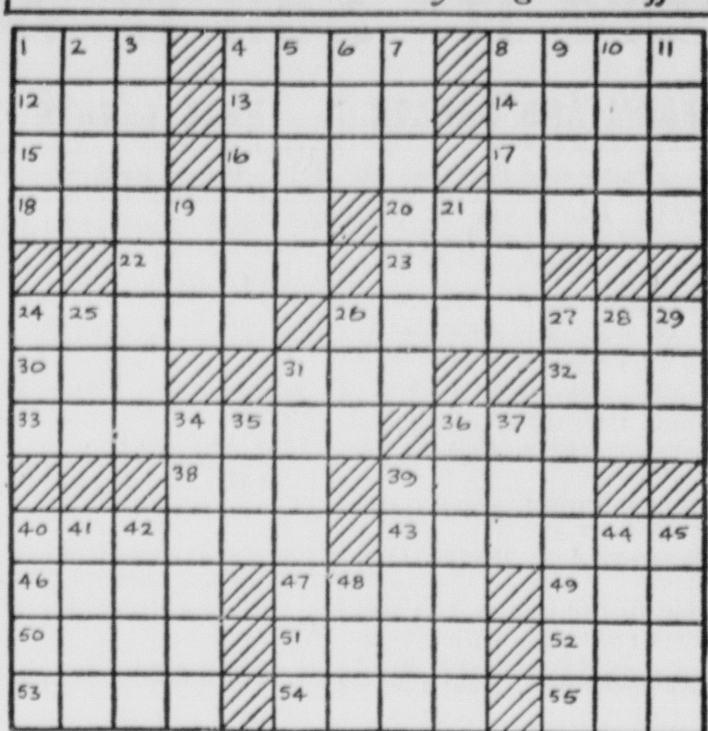

SAIGON, South Viet Nam (AP)—Rocket firing U.S. Army helicopters were used for the first time as an offensive weapon against Communist guerrillas during the weekend, an informed source said Monday.

Three of the turbine-powered machines were seen carrying out a blistering strike Sunday against a Viet Cong stronghold 55 miles northwest of Saigon.

The copter carries 16 rockets and several machineguns — more firepower than any World War II fighter plane.

The role of the new craft is pri-

## NEW MOVE TO KEEP WATER UNPOLLUTED

HARRISBURG (AP)—The state plans an immediate review of current efforts to prevent pollution of the north branch of the Susquehanna River. Particular emphasis will be paid to the mine discharges of the Glen Alden Coal Co. of Wilkes-Barre.

This development came to light over the weekend when Gov. Lawrence wrote the Wilkes-Barre Chamber of Commerce that he has ordered Atty. Gen. David Stahl to "immediately arrange" a meeting of the parties concerned to review "the entire problem."

The chamber had written a letter to Lawrence citing the possible ramifications of a Sept. 20 order of the State Sanitary Water Board which directs Glen Alden to further treat its mine wastes.

The order may force Glen Alden to cease operations, the chamber said, and could cost the Wilkes-

Barre area some 3,500 jobs and \$17.5 million in annual payroll.

Mine wastes from Glen Alden operations was blamed for a huge fish kill last year along the river from Wilkes-Barre to Sunbury. A cash settlement of approximately \$45,000 was agreed upon between the state and the company as payment for the kill.

With regard to the water board order, Lawrence wrote that he has "no authority to rescind" its directive.

"You are aware, of course, of the many legal ramifications presented by cases such as this," he wrote. "It is my hope that we can continue to find and explore new means of striking a fair balance among the various conflicting principles and interests."

Targets are designated by Vietnamese officers.

## Penna. Projects Ok'd By Congress

PHILADELPHIA (AP)—Pennsylvania projects totaling more than a quarter of a billion dollars are included in two bills passed by Congress before it adjourned over the weekend.

The compromise water resources bill provided \$671,000 for Erie Harbor navigation and \$251,248,000 for four flood control projects. They are \$3,596,000 for the Fallbrook and Ayleworth Creek reservoir and Lackawanna River at Scranton; \$32,150,000 for the Juniata River and tributaries; \$23,102,000 for French Creek; and \$192,400,000 for the Delaware River in Pennsylvania, New York, New Jersey and Delaware.

An appropriations bill included these Army Engineer projects for Pennsylvania: Construction of Maxwell Locks and Dam on the Monongahela River, \$7,748,250; Planning for the Beltzville Reservoir, \$100,000; and Union City Reservoir, \$30,000.
